[redacted] forwarded further information on the purchase of Mr. [redacted] and asked us to follow up. At my request [redacted] designated [redacted] to act as Case Officer for Training to coordinate with us. [redacted] called to say that [redacted] has asked that the transaction be consummated on 27 September, but that while Mr. STATINTL [redacted] had all the papers ready, he felt that all pertinent points had not been covered and it would be preferable to hold off completion of the sale until [redacted] return next week.
